SDE 2 at Blinkit

A backend developer interested in data but curious about everything. I describe myself as a generalist. More recently I gotten into generative music & functional programming. I (try to) blog pretty regularly and most of my projects are up on github. I also love talking at conferences, my talks are up on <https://sangarshanan.com/talks/>

Skills

Python

Data Platform

Backend Systems

GIS

Interests

Functional

Programming

Live Coding

Work

Blinkit

Jun 2019 - Present
